**PIKELETS:** A pikelet is made from thin batter. A thin batter should have equal quantities of liquid and flour. The two surfaces should have a delicate golden brown skin with no large burst air bubbles. Pikelets should be free from blemishes. The Sides between the surfaces should be white and dry with no uncooked wet ring. They must be well risen and uniform in size and shape (round).

**CHOCOLATE CAKE:** Flavour and aroma should be rich chocolate. Dust tins with cocoa.

**PATTY CAKES:** Small, dainty and attractive. Tops should be domed. Cauliflower tops will lose points. The colour delicate brown, skin fine and even.

**BISCUITS:** Biscuits are evaluated on mixture, appearance (shape, size, variety and thickness), crust, texture, colour inside, colour, aroma, decorations, originality and presentation. A biscuit is short, crisp, well flavoured, carefully mixed, well-shaped, cooked with quality ingredients and decorated beautifully.

**PUMPKIN FRUIT CAKE:** A creamed mixture butter cake. Spices and cocoa may be added. This cake should be golden yellow or spicy brown colour and fine skinned.

The top should be only slightly domed. The crust should be smooth and fine with no cracks or sugar specks. The sides should be smooth and vertical with no blemishes from careless papering. The base should be smooth. There should be no variation of the rich even brown colour, which the whole cake, top, sides and bottom should have. Fruit, evenly distributed, bright good quality, plump and fleshy, uniform in size and shape, not too large or too small and not minced or chopped beyond recognition. Cut raisins in half, leave sultanas and currants whole. Dust cut cherries with flour, cut almonds into slivers and prunes, dates, figs, ginger, glace, apricots and pineapple into small pieces. High points to correct fruit size. There should be no excess of spices or colourings.
